“America’s Health Responders”

Where can your Social Work career take you?

Social Work Career Opportunities Seminar

Presented by the USPHS Social Work Professional Advisory Group

As one of the eight uniformed services of the United States, the Commissioned Corps of the U.S. Public Health Service, or USPHS Commissioned Corps, works on the front lines of public health. Our medical, health, and engineering professionals fight disease, conduct research, and care for patients in underserved communities across the nation and throughout the world. USPHS Commissioned Corps officers advance our nation’s public health, serving within 23 federal agencies including the Indian Health Service, Federal Bureau of Prisons, and the Department of Health and Human Services (SAMHSA, CDC, FDA, CMS). We invite social work students and graduates to join us and learn more about how social workers across the nation answer the call daily as active duty Commissioned Officers in the service of health.

Presenters: Katana Jackson, Lieutenant, CSW-PIP, QMHP, BCD | IHS-Woodrow Wilson Keeble Memorial Health Care Center-Behavioral Health
LCDR Marriah Lombardo, LCSW, MPA, CHEP | Operations Analyst/Management Analyst U.S. Department of Homeland Security

Session Available:

Wednesday, January 26th, 2022 @ 5:30pm CST | Zoom | [RSVP](#)
